

## Meet the AFP Membership & Chapter Engagement Teams!

Whether you're continuing or just beginning your time as an AFP Chapter Leader, we wanted to put some faces to the names over at AFP that strive to serve you everyday.

Have a question on a specific area of AFP? The quick summary of each staff member's responsibilities will help direct your question into the right hands.

**AFP Global Chapter Visit Program:** Also keep in mind that AFP chapters may request chapter visits from AFP Global staff at no cost. Chapter visits help strengthen the relationship between chapters and AFP Global, allow for AFP Global to understand challenges chapters face, and provide the opportunity to collaborate on specific chapter needs.
